

## Window Treatment Installer

Are you a person who truly enjoys working with your hands, tying up loose ends, and making a finished product that looks polished and complete? Do you like technology and automation, and find the challenge of learning new things exciting? Do you like power tools and wielding a tape measure?

**If this describes you and you genuinely enjoy working with people, Schammerhorn has a job for you!**

Schammerhorn is an established, local, multi-generational family business. We've been around since 1932 and have a great reputation for delivering beautiful, functional window treatments to our residential, commercial, and designer clients. Our team works together as a close-knit group to make sure our clients have an exceptional experience and come back to us project after project.

Each day looks a little different for our Window Treatment Installer. It's common to go from a commercial work site to a high-end residential home, all in one afternoon! However, your day will always include jobsite prep and staging, complete installation, cleanup, customer walk-through, and entering project details into our system.

**At Schammerhorn, we practice integrity; we love teamwork; we provide quality; we pursue excellence; and we care about people.** In keeping with those values, we work to maintain normal business hours, to limit evening and weekend work, and to pursue excellence without undue stress and pressure.

If you thrive in an environment that has a positive can-do attitude, is very team-focused, and that lives a culture of continuous improvement, this could be the best next move in your career.

**To be eligible, you must have:**

- Valid driver's license
- Insurable driving record
- Ability to lift +50lbs regularly throughout the day

**TO APPLY:** If you're ready to take the next step, we're taking interviews now! Please send us an email today with the subject line, **"I Love Power Tools"** and a copy of your resume and the Schammerhorn Employment Application (found at [www.schammerhorn.com/hire](http://www.schammerhorn.com/hire)) to [ty@schammerhorn.com](mailto:ty@schammerhorn.com)

*Experience in the construction or related industry is preferred but not required.*
